

## Connect remotely to your computer via Android

- 1 Open the Play Store and search for Microsoft Remote Desktop
- 2 Install the app
- 3 Accept permissions and click the “+” icon on the top right
- 4 Click Add PC
- 5 The only setting that needs to be changed is the “PC Name”
- 6 Enter in your IP address supplied in your helpdesk ticket in the PC Name field
- 7 Click save and a message will appear for an email and password, enter in utsi\username, the username is what you use to login to your work machine followed with your password. Ex. for myself it would be utsi\rwinton2
- 8 Click continue and it will remote you into your work computer.
