Preparing to Graduate Spring 2021?
see graduation deadlines

Continuous Enrollment Policy

All degree-seeking students are expected to make a full commitment to their graduate and/or professional study in order to ensure that they can complete all degree requirements without unnecessary delay. Graduate students are therefore required to maintain an active status through continuous enrollment from the time of first enrollment until graduation. (Doctoral students registered for course 600 Dissertation have option of exemption under special circumstances of full-time internships not related to the dissertation. See section on Exemption from Continuous Enrollment of Course 600.

Continuous enrollment is maintained by registering for a minimum of one graduate credit hour per semester (excluding the summer, unless stipulated otherwise by the program or department). However, students who have started taking dissertation hours (course 600 Dissertation) must maintain a minimum of 3 credit hours per semester during all semesters, including the summer, in order to comply with the Continuous Enrollment requirement. (taken from UT Graduate Catalog)
