Employee Authorization for Payroll Deduction to Health Savings Account

Use this form to have money withheld from your paychecks and deposited into your health savings account (HSA) on a pre-tax basis.

You must be enrolled in a consumer-driven health plan (CDHP) with a HSA before you can start a payroll deduction.

Use the worksheet below to determine how much you can contribute to your HSA in 2022.

Instead of a year long payroll deduction you also have the option to "front load" your HSA account and then stop deductions after you reach the IRS max. (ex: elect four (4), \$912.50 deductions during the beginning of the year and then stop the deduction.)		
By signing this form, I am requesting that payroll deductions be started or changed as shown in Section 3 above and agree to the preceding terms. I understand there are maximum limits I can contribute to my HSA per IRS rules and I may be liable for tax penalties if I exceed this amount. This request replaces any previous payroll deduction requests for my HSA.
